Solutions For Your Problems

December 18, 2008

Mr. Larry Wilderotter
President
Bedrock Concrete Corporation
801 Hartle Street
Sayreville, NJ 08872

Dear Larry,

Sorry this took so long but I just wanted to let you know that we are very happy with the way our building turned out. I wanted to thank you for the great job done on our Class "A" office building on Route 27 in North Brunswick. The building has caught a lot of attention from local business owners and residents. This was the first tilt-up building I was involved in. I was very reluctant at first but after talking to other owners you have done business with I felt much more comfortable. I was very impressed with the speed of construction and the way you were able to work on this project through the winter. Bedrock accomplished what most other contractor couldn't do, meet the deadline. I was also impressed with the attention to detail on this job. The construction schedule went better than what I was accustomed to.

I would also like to thank you for honoring your word on something that was not in the contract but was agreed on verbally. In today's business world if it's not written down in the contract you're out of luck. It was a pleasure to deal with such an honest company.

Thank you again for a job well done. If you every need a recommendation from Absolute Property Management or myself, feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'Scott Lauri', written over a horizontal line.
