Mr. Larry Wilderotter
President
Bedrock Concrete Corporation
801 Hartle Street
Sayreville, NJ 08872

Dear Larry,

I just wanted to drop you a letter and thank you for the great job you did for us at West Amwell Business Park. This was the first tilt-up building that I was involved in and I must say, I very impressed with the assembly line production of Bedrock Concrete. I was also impressed with the quality of workmanship delivered by the crew. The constant construction updates that I was given made my job as a General Contractor more manageable since we had over fifteen sub's on this project.

My client's are very important to me as they are to all of us and you made the final product, a building he can be proud of. He was also pleased with Bedrock Concrete meeting our tight construction schedule.

Thank you once again for a job well done. I look forward to future projects with Bedrock and the quality they deliver.

Sincerely,

Wayne Keller
