Dear Larry,

I would like to thank you for a project well done. It was a pleasure dealing with your company on the Branchburg Business Park Project. We commend you on a quality job that was done with professionalism and attention to detail. Your project manager and crew were very helpful and communicated with our office as needed.

As you know in today's marketplace it is important to stick to a budget and to deliver a quality building that the end user can be proud of. Bedrock Concrete did such a job and exceeded our expectations.

I look forward to working with you in the future. If you are ever looking for a recommendation feel free to call me. I would highly recommend you to any builder or developer.

Sincerely,
REDCO Engineering & Construction Corp.
